

UKRAINIAN RED CROSS SOCIETY

# **Partnership Meeting**

20-21 March 2018 Kyiv, Bratislava hotel, Malyshka St.1

#### Preface

Current humanitarian challenges in Ukraine are creating new demands for all organizations that promote humanity and peace, including the Ukrainian Red Cross Society (URCS) that has hundred years of experience in supporting the most vulnerable people in the country.

As the URCS has been providing emergency assistance in the areas affected by the armed conflict in Donbass and assisting vulnerable people all over Ukraine in meeting their most acute needs, the organization and its Movement components are being challenged by several important questions:

- How to ensure effective and well targeted emergency response and humanitarian aid in the face of current and future crises?
- How to increase resilience of local communities and people in a best way?
- What implications does this have for building a robust organization that is able to respond to needs and demands of the most vulnerable population groups and is supported and respected by the society?

The new URCS's Strategy 2018-2020 makes an attempt to provide answers to those questions. It shapes the organization's mission and vision and sharpens its priorities. Our goals until 2020 are strategic and realistic, and we firmly believe that with the unified support of our current and potential partners we can achieve the planned transformation and strengthen our organization in the following four areas:

- A. Provision of services in the area of emergency preparedness and response;
- B. Supporting healthy communities and people resilience to psychosocial challenges;
- C. Strengthening cooperation, partnership and communication;
- D. Building strong, reliable and transparent National Society.

This Partnership Meeting 2018 is organized in a way that allows us to present our new vision, transparently discuss operational implications with our partners and define support needed for building robust National Society in Ukraine capable of matching national humanitarian and social vulnerability priorities with aspirations for assistance from the Red Cross and Red Crescent International Movement and other partners.

The URCS looks very much to this two-days Partnership Meeting that will take place on March 20-21 and uses this opportunity to express its deep gratitude to all partners of the Red Cross and Red Crescent International Movement, including the Federation, the International Committee and sister National Societies for their continuous dedicated support and contribution to elaboration of our new Strategy 2018-2020, that we are now proud to share.

## Partnership Meeting Program

#### Day 1: Tuesday, March 20

Time	Sessions	Speakers/ Presenters
